

The first Cambridge Street Community PS was built in 1898.

The school was torn down and rebuilt in 1973.

The above pictures were posted on ***Lost Ottawa*** on November 29, 2018 at 8:00 a.m. which generated interest from former students and community members who reminisced about the former school yard, a painted Canada map and practicing riding their bike after school hours. They discussed what year the old school was torn down and the older sections of the neighbourhood that were also torn down to make room for the new school.

Their complete responses can be found at <https://m.facebook.com/LostOttawa/>.

There are three pictures of Cambridge in the 1950's posted in the ***City of Ottawa Archives***.

More details can be found on the link below. Simply type Cambridge School.
